HAVE YOU A FARM TO SELL?

Do you know that capitalists are buying land in the mountains more than ever? What becomes of those who sell? They invariably buy a blue grass farm if they can. If you have a farm to sell let it be known in the Jackson Hustler and secure a purchaser who will pay you a good price. Act while the rush is on. Write for advertising rates. They are moderate.

DRIVING ROD BROKE.

As the north bound L. & N. Freight was nearing Keller's bridge near Cynthia Saturday afternoon, the driving rod broke on the engine and smashed in one side of it. Fireman P. E. Yelton, who was shoveling coal into the fire box at the time, hearing the noise, jumped and rolled down a forty foot embankment, skinning his face and bruising his body. The engineer stayed at his post and succeeded in stopping the train after passing over the bridge. A number of ties on the bridge were crushed to pieces.

PROBABLE FATAL CUTTING.

As a result of a boyish quarrel, James Byrnes, the fourteen-year-old son of J. J. Byrnes, the Lexington printer, lies in a critical condition at St. Joseph's hospital from two knife stabs in the side. He became involved in a quarrel in the Transylvania composing rooms at Lexington with Sam Geiger, aged 17 years, where both are employed, and after quitting work Saturday evening the quarrel was renewed at the door of the building and young Geiger stabbed Byrnes twice.

WHO WILL GET THE DOLL?

By far the prettiest, sweetest, handsomest and most expensive doll ever seen in Paris is now on exhibition in the show window of A. J. Winters & Co., and has caused every child that has seen it to go into raptures over it. Garth Lodge, A. O. U. W., of this city, will give a bazaar at Odd Fellows' Hall on Monday, Tuesday and Wednesday, March 5, 6, 7, and this handsome doll will be given to the child receiving the most votes. Votes will be sold at ten cents each, and every ten cents spent at the bazaar will entitle the buyer to one vote.

This is a prize well worth striving for, and every little girl in town should strive to the utmost to become the possessor of the little beauty. The contest will begin in a few days, and the Bourbon News will announce in its next issue where the ballots may be secured and where they can be deposited.

The bazaar itself will be a hummer, and decidedly different from anything of the kind ever given in Paris. Although it is given under the auspices of Garth Lodge, the ladies of Paris, who have undertaken to build a hospital here, are back of it, and when the ladies of Paris undertake anything they always carry it through successfully. The soliciting committee started out yesterday morning soliciting articles to be sold at the "Country Store," and their success was phenomenal. Not a single person approached failed to contribute, and the consequence will be some wonderful bargains may be had at the bazaar. A full list of the contributors and their contributions will be published in a later edition. Remember the dates—March 5, 6 and 7.

FOR GOOD ROADS.

Representative Richardson, of the Third district this State, proposes that the Bluegrass State shall have better roads. Monday he introduced a good roads bill in Congress providing for governmental aid in construction of roads in the various States in proportion to population. Under the terms of the bill Kentucky would get \$300,000. The State, however, would be obliged to raise a dollar for every dollar contributed by the government. First, the State would raise \$300,000. The general government would then be appealed to, and agents would be sent to Kentucky as to the regularity of the proceedings.

He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.

 PAYABLE IN ADVANCE.

LOOKS BAD TO US.

Just to defend ourselves from the criticisms of a few who think we have no right to criticize the acts of public officials, or to even intimate about the loose and reckless manner in which our county affairs have been run for a number of years, we want to mention one of the late contracts let by the Fiscal Court before retiring on January 1st. It paid \$2,300 for the making of the two streets on the sides of the Courthouse, the said streets containing 2,400 square yards. We ask you to examine these streets and compare them with the other streets of the city. All the streets in Paris were put into the excellent condition they are now in at a cost in round numbers of \$7,000. This means Pleasant, High, the cross streets, and Main from Tenth to the Clintonville pike. The model street of Kentucky is the street entering the Association Race track at Lexington, it is so acknowledged by everyone. It is composed of twelve inches of stone put in three layers, each layer being rolled, and is finished with screenings. This model street cost the city of Lexington 65 cents per square yard. The Home Construction Co., which made this street referred to, rebuilt the Maysville pike in Fayette county for \$2,500 per mile, or 21½ cents per square yard and oiled it.

Now you people who think the press has no business in speaking of this matter, just look over the above figures, then take a look at the streets on Broadway and Bank Row that cost the county \$2,300. After you do this we would like to know if you think the old Fiscal Court did business in a business-like manner, and if you don't believe the tax payers should be told how their money has been wasted in the county for years.

SHOULD BE LOOKED INTO.

Our attention is called almost daily by some citizen to the actually dangerous condition of the wires of the Electric Light Company in this city. Life and property are in danger of being lost at any time this plant is running. We have on several occasions called the city fathers' attention to this matter, but from the continual reports we get in regard to these old wires where the insulation has worn off it would seem that nothing has ever been done in regard to them. We have nothing against the Electric Light Co., but when its plant is allowed to get in a condition where life and property are both in danger the public demands that something should be done. If this company will not pay any attention to the grievances of the public, the city should take a hand and force them. The city should have its own electric plant, anyway.

PRETTY STRAIGHT TALK.

Mayor James O'Brien's first veto is published in full in another place and is a plain and straightforward statement of his position on the question of granting restaurant licenses where they are to be run in the same or adjoining room to a saloon. Much interest and speculation is being expressed as to how the fight will end.

We do not pretend to pose as a prophet but it is our humble opinion that this fight will eventually wind up in a hot old local option election.

WELL, I RECKON NOT.

Every few days you will meet some one who will say, "you don't publish all the news." We should say not. Not on your life. There is somebody else depending on us for a living. If we published all that happened we would be with the angels. In order to please the people we must print only the nice things said of them and leave the rest to gossip. Yes, it's a fact, we don't print all the news. It would be spicy reading, but it would be for one week only. The next week you would read our obituary, and there would be a new face in heaven. All the news is all right when it is about the other fellow.

MAYOR O'BRIEN'S VETO.

We give below Mayor O'Brien's veto in full to the ordinance granting Mr. Sammie Brannon license to run a restaurant adjoining a saloon. The veto was filed with City Clerk Adair Saturday and will be acted on by the Council Thursday evening. It is as follows: To the Board of Council of the City of Paris.

Gentlemen: I herewith submit my reasons for vetoing the resolution granting restaurant license to Barney Brannon:

1—While the Sunday closing law can be enforced by requiring saloons and restaurants in rooms which open directly into saloons to be closed, it will be impossible to prevent the sale of whisky on Sunday if licenses are issued to conduct restaurants in the same room or in rooms, the doors of which open directly into saloons, for the reason that such doors cannot be seen by the police or the public and consequently can be used at any time with little likelihood of discovery.

2—If this license is granted, you cannot consistently refuse to grant the same sort of license to any person, similarly situated, who applies for it; as there are numerous places of this description in Paris which will want license, you will necessarily give to the proprietors of them the means and the opportunity to break the law to will, should they so desire.

3—The granting of such licenses will place at a disadvantage those saloonkeepers who obey the law or else place them in a questionable position in the eyes of the public by forcing them, in order to retain their own trade, to make application for license to conduct a restaurant in connection with their saloons.

4—I am thoroughly convinced that the effort to obtain license for this place, without requiring the doors opening from it into the saloon to be closed is being made for the purpose of hampering my efforts to close the saloons on Sunday. Taken in connection with the application, some weeks ago, of a saloonkeeper for a restaurant license, and the statement of a member of this Council that these doors should

not be closed—this statement being made after the applicant for this license, who claims to be the sole owner of the place, had agreed to close them—it is clearly apparent, at least to me, that the object sought to be attained in this matter is to place the Council, if it grants this license, in such a position that it cannot consistently refuse to grant the application made by any saloonkeeper for a restaurant license, thereby rendering it impossible for the police to enforce the Sunday closing ordinance.

5—License to conduct a restaurant in rooms which open directly into saloons should only be granted upon the condition that such places close on Sunday.

6—Before granting this license, the Council should adopt some general rule governing such matters; otherwise, this same trouble will arise whenever application is made for a license of this kind.

7—The conditions sought to be imposed upon Mr. Brannon are fair and reasonable, and would work no hardship upon him; at the very worst, he will be in the same position as every other restaurant keeper whose place opens into a saloon. He has no right to expect to be made an exception of, and if he is not willing to be placed upon an equality with others in the same business, he is not entitled to license.

Respectfully submitted,
 JAMES M. O'BRIEN, Mayor.
 Feb. 16, 1906.

DIED SUDDENLY
OF HEART DISEASE.

How frequently does a head line simi-
lar to the above greet us in the news-
papers. The rush, push and strenuous-
ness of the American people has a strong
tendency to lead up to valvular and other
affections of the heart, attended by ir-
regular action, palpitation, dizziness,
smothered sensations and other distress-
ing symptoms.

Three of the prominent ingredients of
which Dr. Pierce's Golden Medical Dis-
covery is made are recommended by some
of the leading writers on *Materia Medica*
for the cure of just such cases. Golden
Seal root, for instance, is said by the
UNITED STATES DISPENSATORY, a stand-
ard authority, "to impart tone and in-
creased power to the heart's action." Numerous other leading authorities re-
commend Golden Seal as an unsurpassed
tonic for the muscular system in general,
and as the heart is almost wholly com-
posed of muscular tissue, it naturally
follows that it must be greatly strength-
ened by this superb, general tonic. But
probably the most important ingredient of
"Golden Medical Discovery," so far
as its marvelous cures of valvular and
other affections of the heart are con-
cerned, is Stone root, or *Collinsonia Can.*
Prof. Wm. Paine, author of Paine's
Epitome of Medicine, says of it:

"I, not long since, had a patient who was
so much oppressed with valvular disease of
the heart that his friends were obliged to
carry him up-stairs. He, however, gradually
recovered under the influence of *Collinsonia*.
(medicinal principle extracted from Stone
root), and is now attending to his business.
Heretofore physicians knew of no remedy
for the removal of so distressing and dan-
gerous a malady. With them it was all
guess-work, and it fearfully warned the
afflicted that death was near at hand. *Col-
lisonia* unquestionably affords relief in
such cases, and in most instances effects a
cure."

Stone root is also recommended by Drs.
Hale and Ellingwood, of Chicago, for
valvular and other diseases of the heart.
The latter says: "It is a heart tonic of
direct and permanent influence."

"Golden Medical Discovery," not only
cures serious heart affections, but is a
most efficient general tonic and invigor-
ator, strengthening the stomach, invig-
orating the liver, regulating the bowels
and curing catarrhal affections in all
parts of the system.

most brilliant of the younger journal-
ists of Kentucky, died at 11 o'clock at
his former home, Beavers Dam, Va.

—John A. McCall, until recently
president of the New York Life Insur-
ance Company, died at 5:33 o'clock this

change might benefit his health, which
suffered a breakdown two months ago,
during the insurance investigation.

—The remains of Mrs. Chornie Kern
Anderson, wife of Dr. Bruce Anderson,
were laid to rest in the Paris Cemetery
Saturday afternoon. The procession
left the residence of Mrs. Lizzie Wal-

services were held at the grave, con-
ducted by Elder Carey L. Morgan. A

where he engaged in farming and stock
trading until he moved to this city

ago he and his wife moved from their
home on Mt. Airy to live with their

IN MEMORY OF MRS. J. W.
THOMAS.

The evidence of an all-wise purpose
running through nature is a token of
immortality. The constellations, the
birds and flowers, atoms and molecules
each have their place in the plan that
extends through nature, and it is un-
reasonable that all inanimate nature
should fulfill a mission and destiny,
while man should perish or that the
body should last longer than the soul
last longer than the soul.

The mysteries of life give hope of its
continuance beyond the grave. Could
we understand every other problem
but that of death we might conclude
that man's eternal home is the tomb,
but when we cannot understand the
budding flowers, it becomes no greater
mystery that we should live again
than that we are living now, and not so
great a mystery that we should con-
tinue to live as that we began to live.

When the cold North wind comes
there is something within the heart of
the little bird that bids it fly South-
ward. This voice within its breast is
not a deception, for it finds a land of
sunshine and flower. From the har-
mony of the universe we believe that
we will find a home of light and love
when we follow the impulses that are
ever throbbing within our hearts, and
we believe that the Providence which
cares for the sparrow will not be deaf
to humanity's cry.

There is no death! "O death, where
is thy sting? O grave, where is thy
victory?" The granite rocks disorgan-
ize to make soil for plants and future
life. The leaves fall, the flowers fade
and pass away. "They only wait
through the wintry hours the coming of
the May." An angel form walks over
the earth. He bears our best loved
ones away, and then we call them
"dead."

In the death of Mrs. John W. Thomas,
our grandmother, He has taken the best
and noblest. He has left our hearts
all desolate, yet we know that she has
only gone before, that she only awaits
us there. Her life, one long sacrifice
for others, has speeded its influence
among others for good. The smile was
always ready. She was cheerful, kind
and the truest of Christian characters.
For her loss we need not mourn for she
bath left us her virtues as jewels to
keep, so let the pure and beautiful
sleep. May our heavenly Father lead
us in her footsteps. May He heal the
broken hearts of those who watched so
tenderly and fearfully by her bedside
and keep safe in His arms the aged
grandfather who loved and trusted her
so well, for it will not be long till he
will see her face to face. May he keep
those dear ones in the far-off Southern
land who grieve for her but could not
come. We see but darkly through the
glass as now, but some day we shall
know as we are known—
"Never more to walk alone
In the dawning of the morning,
When the mists have rolled away." G. G.

Insure with W. O. Hinton. He
has the right kind of insurance.

—Mr. R. C. Chanslor went to Lexington to see Dr. Chas. Aiken, and spent the night with his brother, William Chanslor.
—Mr. G. J. Cowdery, of Lyons, Kan., is the guest of Mr. C. R. Turner. He is looking for a high grade of mules and jacks.
—Mr. Ed Brown and family, of Cynthiana, were guests of his mother, Mrs. Hettie Brown, Sunday. Mrs. Brown continues to grow weaker.
—Mr. W. M. Layson has had twenty-one applicants for the farm soon to be vacated by Geo. Bramlett. This is what comes from being a good landlord.
—Misses Anna Hawes, Denver, Col.; Clara Hawes, Covington, and Mrs. Spears, Lexington, were guests of Mrs. Mattie Hawes a few days last week, and attended Junior Cadet reception at M. M. I.
—If you have a farm to sell J. W. Linville can find more buyers than anybody, and if you want to buy a farm he can find more farms to sell than the next one. He will sell you a farm, insure your property, serve your legal papers, collect bad debts, and do it with diligence. See him at once.
—“We are ruined, ruined, ruined,” moaned the farmer, as he stood by the smoking embers of his once beautiful home. “No,” cried his loving wife, “our policy was written by J. H. Linville, the agent of the Hurst Home of Millersburg, and you know that their policies are always worth face value.”
—Mr. C. C. Clark and family moved from his farm, lately sold to Dr. C. W. Mathers, to Paris Friday. Mr. Clark was raised on the farm from whence he moved. He is one of our good citizens and belongs to one of the oldest families of Millersburg. We regret to give him up. Paris gains what we have lost.
—The only insurance company that has its home office in Bourbon county, and is a farmers’ company, pure and simple, the Hurst Home, of Millersburg. This company wrote over sixty thousand dollars in new business last month. Are you a member of this company? If not see or call on J. H. Linville, agent, Millersburg, and he will prove to you that it will save you money to insure with him.
—Bargain day, Saturday, Feb. 24. Our bargain sale on Feb. 3 was a success, and as several of our friends could not attend we have been requested to give another. We have decided to do so on Saturday next, Feb. 24, when we will show you some entire new goods, for prices that will astonish you. Real bargains and no joke. Come in and see for yourself. *Likable China at Likable
Prices.*

Our China always deserves the adjective "likable."
We take the utmost pains to procure the prettiest pat-
terns the market affords, and no woman of taste can
take a look through our Chinaware counters without be-
ing full of admiration for the beauty and grace of the
designs with which our fancy China is adorned. And
the prices are equally likable. They are always much
below what you would expect such handsome patterns
and nice qualities to sell for, and much below what
would necessarily be asked by any store that did not, as
THE FAIR does, import its own China. Of course, the
prices tell little without a sight of the ware; but we can-
not refrain from giving a few quotations:

Plain Plates—35c, 48c and 59c a set.

Handsome Decorated Plates—69c, 85c and 98c a set.

Bowls and Pitchers—98c a pair.

Meat Dishes—10c to 98c.

Vegetable Bowls—10c to 48c.

Pitchers—10c to \$1,

and so on, at a similarly low range of prices all through
the stock.

Everything is Open Stock. It is worth while to re-
member that all our China is of the "open stock" kind.
You can build up a dinner set, dish by dish, from the
same pattern, adding the pieces just as your means al-
low—and if you break a dish at any time you can read-
ily get it. The "open stock" way of selling China is the
only modern, progressive way; and is one of the main-
stays of THE FAIR'S success.

THE FAIR.
